1. The Logistics and Technology Project (LOGTECH) has established the DoD Center of Excellence in Logistics and Technology at the University of North Carolina-Chapel Hill (UNC-CH). One of the primary functions of LOGTECH is to provide executive education for current and future leaders in the DoD logistics community. Courses are designed to facilitate the transformation of logistics in DOD by introducing students to leading edge developments in logistics thinking in academia and industry. Additional information on LOGTECH is available on the web at http://www.logtech.org/

2. The LOGTECH Program in Advanced Logistics and Technology is a 5 1/2-day program for officers in grades 0-4 through 0-6 and civilians GS-13 through GS-15 (or equivalent) with at least 5 years experience in a logistics career field. The Navy has 5 seats at next class convening 17-22 November 2002 at UNC-CH. All funding travel, tuition, lodging and meals) is provided by the LOGTECH program. Participation in pre and post program web-based learning activities is required. Travel on the weekend may be required to accommodate the program schedule. Request addees consolidate nominations and return to: Commanding Officer, Naval Supply Corps School, Executive Education Programs, 1425 Prince Avenue, Athens, GA. 30606 using enclosure (1) as a guide. Advance copies may be faxed to 706-354-7262.
Nominations of military and civilian candidates are due by COB **16 September 2002.**

3. Selection of 5 primary and 1 alternate candidates will be made in early October 2002. Selectees will be notified immediately and requested to submit a DD Form 1556 for the November class. Nominations for a February 2003 class will be requested at a later date. Additional notification and information will be provided to the selectees by the U.S. Army.
